- High impact absorbing vertical ribs textured inlay

24" x 6" Quarter Fender Flaps  
Part # 2504881C2

#### **Advisory**

Floor mat part numbers won't necessarily fit all years, or all configurations for the Truck model listed.

Truck manufacturers make changes to cab interiors periodically that can affect the fit of auxiliary floor mats. Truck models can have multiple floor plans due to options, accessories, and build variances.

To check for proper fit; ensure that the floor mat lays flat against the O.E. flooring, and does not interfere with the control pedals.

Please see Installation Instructions on our "Support tab" at [www.productsalesco.com](http://www.productsalesco.com) for important safety information.
