MEDIUM DUTY *Peterbilt* TRUCK FLOOR MATS

Part No. PBMD500

Applications: Peterbilt Medium Duty Trucks 535, 536, 537 & 548

Driver and Passenger floor mat set, for two and three passenger cabs.

FLOOR MATS

- "Patented" floor mat with (PRS) Positive Restraint System flange holds the driver side floormat in place.
- Heavy Duty borders to catch and retain abrasive debris, caustic materials, liquids, grease and oils harmful to a truck's O.E. flooring.

- Driver's Cushioning Heel Pad, most models.
- High impact absorbing vertical ribs and textured inlay.
- Refined Finish floor mats that complement, enhance, and protect truck cab interiors.

** "to present" equals through that Cab generation's end - (O.E.M. mid-generation changes may affect fit).

Advisory

- Floor mat part numbers won't necessarily fit all years, or all configurations for the Truck model listed.
- Truck manufacturers make changes to cab interiors periodically that can affect the fit of auxiliary floor mats.
- Truck models can have multiple floor plans due to options, accessories, and build variances.
- To check for proper fit; ensure that the floor mat lays flat against the O.E. flooring, and does not interfere with the control pedals. Please see Installation Instructions on our "Support tab" at www.productsalesco.com for important safety information.
